# Our Services

## Website Design & Development

As a leading web design company in Kolkata, India, our goal is to serve all customers – be it for template design, Logo design, Responsive mobile friendly websites, and bespoke customized website. Our name comes up in the list to best web design company in Kolkata, always because we are here for past 12 years, we have a pool of talented designers, and we understand when customers search for web design company in India.

## E-commerce Development

High end eCommerce web development services from ECC has helped numerous startups and existing businesses. Developing a eCommerce website has become so necessary for any retailer or traditional brick and mortar shops that you can not simply signup as a seller at Amazon, Flipkart. You need a site that's user friendly, processes payments securely, showcases your products in the best way possible & is available on computers , mobiles tabs alike.

## Customized Software

Customised software is software that is specially developed for some specific organization or other user. As such, it can be contrasted with the use of software packages developed for the mass market, such as commercial off-the-shelf software, or existing free software.

## Mobile Application

Top notch mobile app development services from a leading mobile app development company India with exhaustive experience. Mobile is here, it is no longer the future, and mobile devices is part of our daily lives – morning to night. Smartphone users and tablet users use their devices do not just shop online, they make appointments, chat , record, sing draw and what not.

## Cloud Hosting / VPS

VPS is a more secure and stable solution than shared hosting where you don't get a dedicated server space. However, it's smaller-scale and cheaper than renting an entire server. VPS hosting is usually chosen by website owners who have medium-level traffic that exceeds the limits of shared hosting plans but still don't need the resources of a dedicated server.

## SEO (Google Promotions)

Search engine Top 10 ranking is one of the reasons that you are on this page. Having a website is just the first step to make an online presence. SEO is the life and blood of Internet marketing. Building an online reputation is just not possible until you enter the arena of online search and build traffic for your website.

## Digital Marketing

Technocrats India ranks as a top SEO company in Kolkata out of hundreds of digital marketing companies in India. Over past 12 years, we have achieved top 10 ranks in Google for websites of multiple clients – in Kolkata, Orissa, Delhi, Jharkhand, Mumbai in India as well as in countries like USA, Canada, Australia, Germany, Italy, Singapore etc. Our expert SEO professionals are Google certified and deploy sound SEO strategies to improve rankings and drive traffic to your website.

## Domain Booking / Business Emails

In general, a domain name identifies a network domain, or it represents an Internet Protocol (IP) resource, such as a personal computer used to access the Internet, a server computer hosting a website, or the web site itself or any other service communicated via the Internet.

# Our Clients

## Client Testimonials

### **“Mr Divyansh Prasad (Sunrise Eng. Med School)”**

They kept on working till the time I was satisfied with my work. I am really thankful to them. Services were provided as discussed. Will definitely recommend them !!

### **“Mr Nirmal Kumar (Shalini Media (P) Ltd)”**

As per usual, your team did a fantastic job! I am thrilled with the new responsive site... it looks great visually, and most importantly, we've already seen an uptick in conversion rates within this first week of being live!

### **“Mrs. Deepali Ahlani (Poshkitten Beauty Clinic)”**

They are always available when needed. They provide thoughtful advice and well designed websites. The "back end" system that they install for websites is very easy to use. They are considered part of our company's team and we have no hesitation recommending them.

### **“Mr. Deepak Sharma (Durable Security)”**

The design and development team is highly organized and professional at the same time enriched in vigour of innovation. All the very best to them!!
